

Cisco India Organisation Announcement

Welcome
Hashan Trikawala

Dear All,

It gives me immense pleasure to welcome Hashan Trikawala to the Cisco family!

He joins my team as an **Account Manager, Sri Lanka** and would be based out of Colombo. He will be leading growth across Commercial accounts & will report into me.

Hashan joins us from Softlogic Group where he drove growth across Enterprise & Commercial accounts with a focus on cybersecurity sales : Palo Alto, Fortinet, Checkpoint. Earlier, he drove growth across Avian Technologies, Just In Time Group for about 14 years across industry verticals. With his experience across customers and scale business, we believe he'll bring the quintessential software focus and growth across Commercial accounts.

On a personal note, Hashan is happily married to Chathuri. Apart from his professional pursuits, Hashan is passionate about rugby & fitness.

Please take a moment to welcome Hashan, introduce yourselves and extend your support.

Regards,

Supreeth Nagaraju
Leader – Regional Sales, Commercial
Select South2, Sri Lanka, Maldives & Service Provider Scale
